

Fundraise with Facebook

Two easy options - ONE GREAT result for your team!

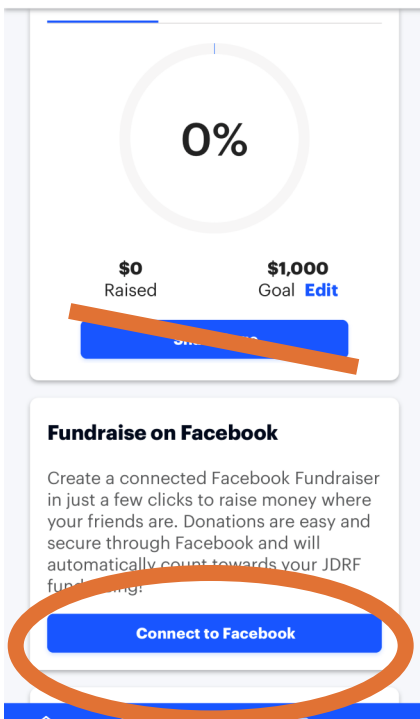

Option 1: Create your fundraiser through the JDRF Participant Center *on your computer*

- 1 Register yourself and your team at walk.jdrf.org/arizona
- 2 Make sure the correct account is logged into Facebook on the computer.
- 3 Click the “home” icon on your walk page.
- 4 Click “Connect to Facebook” OR “Fundraise on Facebook” and follow the instructions.

Bonus tip: The Facebook fundraiser will share the same story that is posted on your JDRF One Walk page. Be sure to edit your walk page first if you want to share your family’s story.

Option 2: Create your fundraiser using the **JDRF app on your phone**

- 1 Register yourself and your team at walk.jdrf.org/arizona
- 2 After registering, download the JDRF App
- 3 In the app, click “Connect to Facebook”

Note: This is different from “Share Page” which will post on Facebook but not create an actual fundraiser
