

Translational Research Institute

Be part of
groundbreaking
diabetes research.

**Enroll in the new
AIDE research study.**

Help the scientists at the Translational Research Institute understand the effects of automated insulin-delivery systems on hypoglycemia and quality of life in senior adults with Type 1 diabetes.

Advent Health

Eligibility Requirements

- Must be 65 years of age or older
- Must have a history of Type 1 diabetes
- Not currently using an automated insulin-delivery system

Your Commitment

- Up to 10 in-person visits
- Up to nine phone calls

Study Procedures

- Wear an automated insulin-delivery system/pump
- Blood tests
- Vital signs

Qualified participants may be compensated up to \$450.
