

Fundraise for a world without T1D... Your way

With JDRF Your Way you can help create a world without type 1 diabetes (T1D) by doing anything—and we mean anything—as a fundraiser. Setting up your fundraiser and reaching out to your friends and family for support is only minutes away.

You'll have access to all the fundraising tips and tools you need to be successful, including a personal fundraising page, a private dashboard to monitor your fundraising progress, sample messages to ask for support and other downloadable resources.

SPECIAL OCCASIONS & MILESTONES

With JDRF Your Way you can make any special occasion—your birthday, anniversary, graduation, a child's first visit from the tooth fairy or even a holiday—a fundraiser. So pick that special day and ask your friends, family and coworkers to make a real difference by making a donation.

ATHLETIC EVENTS

Are you always thinking about crossing the finish line at your next race? With JDRF Your Way you can use any run, cycling event, triathlon, or any other athletic event and turn it into a fundraiser. So do what inspires you most and do it for something you are passionate about, a cure.

Start your fundraiser today at **yourway.jdrf.org**

Have a question or want to chat about your fundraising idea? Just reach out!
