JDRF Connections: My daughter Olivia

JDRF Rides: I did my first ride in La Crosse in 2019, and am signed up for Tucson and La Crosse this year.

JDRF Coach: This is my first year coaching, and I am very excited. I've had so many wonderful mentors during my time riding with Team Wisconsin, and I'm looking forward to being able to help

others on their ride journey.

Ride to Cure Journey: When our daughter, Olivia, was diagnosed with T1D at the age of 4 we knew our world would change. We were immediately embraced by the JDRF community and found we weren't alone.

I am always up for a challenge and when I heard about the 100 mile bike ride I thought, "Why Not!" Little did I know that it would quickly become my passion. I love the physical effects of training, and when I see how proud Olivia is, that makes it all the more worth it. This year I was approached to join as a coach for JDRF. I am so excited to offer others the support and encouragement that was offered to me early on.

Favorite Ride: This is easy, as I've only done one! What I loved about the LaCrosse ride was the atmosphere. The feeling of this huge group of people all pushing themselves for the same goal, it was something I'll never forget.

My Ride 2022 initial thoughts and goals: I cannot wait to get started! I want to recruit as many new riders as possible, and show people how much fun it is to ride 100 miles.
