JDRF Rides: 7 rides so far

JDRF Ride Coach: 4th year

Ride to Cure Journey: I met coach Pete Coons at Wheel & Sprocket while buying my first pair of cycling shoes. He mentioned he was a coach for a JDRF cycling team, and I said tell me more about it. I went to the informational meeting and the rest is history as they say. I have met many amazing and inspirational people through the rides, and also learned a lot from them. I look forward to where my ride to cure journey takes me in the future.

Favorite Ride: My first ride to cure is my favorite. The stories were emotional, the message was uplifting and the teamwork was great to be part of. I knew this wasn't a one and done ride, and I would be back for years to come.
