- Married to Verna 40 years
- 2-Kids: Eric (Amber) and Nicole (Mark);
- 4-Grandkids (ages 1 to 5 years)
- Works at TRC Environmental Corp.; Senior Client Manager

JDRF Connections: Friends I've met on the roads and bike trails. I enjoy the camaraderie with everyone I've met through JDRF. I was first introduced to JDRF through Scott Hagen, husband of our niece, Lisa. Some years earlier, my son introduced me to the Tour de Cure rides through some of his college friends. I had decided to participate in rides that served as fundraisers for worthy causes, and JDRF fit that commitment.

My JDRF 2023 Plans: I will help out where I can. I will be participating in training rides where I live here in the southeast part of the state, and in the Madison area where my son lives, and perhaps throughout the state this year. My desire is simply to be helpful and encouraging to our great riders. I have participated in seven JDRF rides thus far, in Loveland, Colorado, LaCrosse (twice, once as a Coach), the MyRides in the COVID years, in Tucson last year for fun, and at Amelia Island as a Coach in 2022.
